## STATEMENT OF PRINCIPLES – ANNUAL SALARIES

Registered  
Enterprise Agreement

Industrial Registrar 1

Traditional award systems reward employees for the time they are at work – either on a fixed rate for 38 hours per week; or on an hourly basis for part time and casual employees. Normally loadings of 50% and/or 100% of the hourly rate will apply once standard weekly or daily hours have been exceeded.

This type of system is rewarding employees only on the basis of the time that employees spend at work; and fails to take into account more important performance criteria such as quality, service, cycle time, waste reduction and process improvement. As businesses seek to implement world class production systems, the conflict between the traditional payment system and the business objectives becomes an increasingly important issue for resolution.

2. One solution to this issue is to eliminate the concept of fixed weekly hours and pay employees a fixed annual salary that applies regardless of the number of hours actually worked; and on the basis of the skills that employees bring to the business. The overall objective of such a system is to reward employees for their skills and contributions in delivering enhanced customer service and more efficient performance.
3. The regulation of day-to-day work is managed by agreement between employees; the union and management. Performance measures will be determined and monitored. This will include ongoing review of the demands on the site; the number of employees; safety performance and overall site efficiency.
4. Given the current workload, the company and the AWU have agreed that the manning levels should be set at 13. This includes 1 position to provide cover for training. In discussing manning levels, it is agreed that the parties should be guided by the average hours worked by employees. For the purposes of this Attachment, the "average" hours are to be determined over a period of not less than 3 months.
5. The company and the union will meet at least monthly to review the operation of the agreement; and to review manning levels. Where a matter cannot be resolved by consensus, it will be referred to the NSWIC for resolution.
6. In the development and management of annualised salary agreements, and particularly with regard to manning levels; use of casuals and contractors; hours and days worked and salary levels; the company and the relevant union will be guided by:
  - staffing levels in existence in the function for a representative period immediately prior to the introduction or proposed introduction of annualised salaries.
  - hours and days worked in the function for a representative period immediately prior to the introduction or proposed introduction of annualised salaries.
  - actual gross earnings for a representative period immediately prior to the introduction or proposed introduction of annualised salaries.

Hours and days worked and staffing levels will be monitored, however it is understood and accepted that these will vary with the demands on the business. It is not the intention of the parties that there be minimum or maximum hours or days of work or staffing levels; but that the company's operational requirements are met effectively.

Should the hours worked at the hatchery exceed an average of 30 hours per week over a reasonable period of time, the company and the union will meet to discuss the matter in accordance with paragraph 4, above.

7. At all times in the development and management of annualised salary systems, considerations of occupational health and safety will remain paramount, consistent with the company's statement of policy on OH&S.

## NSW OPERATIONS REDUNDANCY AGREEMENT

## 1. SCOPE OF AGREEMENT

This agreement is made between the company and the unions; and applies to all employees of the company in New South Wales. This agreement supersedes any and all entitlements that are not specifically provided for in this agreement.

## 2. DEFINITIONS

**"All purpose rate"** means the rate of pay used to calculate one week's normal pay. The all purpose rate excludes overtime; but includes penalty rates and shift premiums, and all allowances.

**"Casual employee"** means an employee who is employed on an hourly basis, and who has no reasonable expectation of regular work. A casual employee is not entitled to any termination payments pursuant to this agreement.

**"Part time employee"** means an employee whose rostered hours of work are less than an average of 36.5 hours per week.

**"Redundancy"** means a situation where the company proposes to permanently cease operating all or part of its business; and this cessation results in one or more full time or part time employees becoming surplus to the company's labour requirements. "Redundancy" does not include:

(a) termination of employment pursuant to the company's Disciplinary Policy and Procedures, provided that such termination is not directly related to the company's requirement to reduce its labour requirements;

(b) termination of employment due to retirement;

(c) situations where full time or part time employees become surplus to the company's labour requirements due to industrial action taken by employees which affects the company's ability to continue normal operations;

(d) variations to rosters or shifts (as provided for by parent awards or site agreements) as a result of restructuring or changes in customer demands or operational requirements.

Such roster or shift changes shall be made in consultation with the union/s and employees. Where employees are genuinely forced to terminate their employment as a result of such changes, the employee will be entitled to a redundancy benefit pursuant to this agreement. "Genuinely forced to terminate" employment does not include financial disadvantage as a result of changed entitlements to shift allowances or overtime;

(e) situations where part time or full time employees are not prepared to

undertake training or redeployment as a result of technological or operational changes which require such training or redeployment; provided that the proposed training or redeployment is agreed by the company and the union to be reasonably within the employee's capability;

(f) short term reductions in the company's labour requirements which can be managed pursuant to clause 4 of this agreement; or

(g) the sale or transfer of some or all of the company's business where continuity of employment is offered to employees.

**"The company"** means Steggles Limited.

**"The unions"** means those unions participating in the company's Beresfield site single bargaining unit, and includes the AMIEU; AWU; AMWU; ASU; ETU; NUW; SAWEFA; and TWU.

**"Week's pay"** means the applicable rate of pay used to calculate the employee's normal weekly rate of pay for the pay period immediately prior to the date of termination. Where employees are engaged on annualised salary agreements, a week's pay is determined by dividing the annual salary by 52.

**"Work Area"** means a discrete functional or geographical part of the company's operations. The determination of a work area is by reference to the management structure and accountabilities; award/agreement classification and/or union coverage.

### 3. CONSULTATION

Where the company is of the view that a redundancy situation is likely to occur, it shall convene a meeting with the relevant union or unions. The company will provide as much relevant information on the circumstances which may lead to redundancies as is commercially prudent. The company and the unions will jointly seek alternatives to redundancies.

Enterprise Agreement  
Industrial Registrar

### 4. STEPS TO AVOID REDUNDANCIES

Where a redundancy situation appears likely, the company may seek to minimise the number of such redundancies by:

- reducing the hours worked by casual employees;
- reducing the number of casual employees;
- requiring full time and part time employees to take accrued RDOs; annual and long service leave; and
- reducing the hours worked by part time employees.

### 5. SELECTION FOR REDUNDANCY

(a) The ideal outcome of a redundancy situation is one where employees volunteer for termination of employment, and the company's operational requirements are met by the termination of employment of such volunteers.

(b) In the event that there are insufficient volunteers, or the company's

operational requirements would not be met by the termination of employment of volunteers; the company will determine who is to become redundant using the following criteria:

- where possible, the work area where redundancies are required will be the area in which employees are selected for redundancy;
- long term operational requirements as to employee skills, experience and potential; and
- considerations of seniority, equity and fairness.

(c) In the event that there are more volunteers for redundancy than are required by the company; the company will determine who is to become redundant using the following criteria:

- where possible, the work area where redundancies are required will be the area in which employees are selected for redundancy;
- the company's medium and long term skill requirements; and
- other things being equal, those employees with the longest service shall have first preference for redundancy.

(d) Where the relevant union disagrees with the company's determination pursuant to this clause, it is entitled to have the company's determination reviewed pursuant to Clause 10, Resolution of Disputes.

## 6. NOTICE OF REDUNDANCY

(a) Employees to be made redundant will receive 4 weeks' written notice of termination of employment.

(b) During the notice period, the employee will be provided with paid leave to attend interviews with alternative employers and employment agencies, and to attend outplacement support activities; provided that such leave does not cause unreasonable disruption to the company's operations.

(c) Where an employee has been provided with written notice, and finds alternative employment during the notice period, the employee will be able to terminate their employment by the provision of 48 hours' notice. All entitlements arising pursuant to this agreement will be paid to the employee.

(d) Where an employee who has been provided with written notice dies during that notice period, his or her full entitlements pursuant to this agreement will be paid to that employee's dependants. Where the company is unable to locate the employee's dependant/s, his or her full entitlements pursuant to this agreement will be paid to the employee's estate.

## 7. PAYMENTS UPON TERMINATION OF EMPLOYMENT

On the last day of employment, redundant employees will receive a termination payment based on the following formulae:

(a) 4 weeks' pay;

(b) a further 4 weeks' pay for each year of service, calculated to completed quarters;

provided the total payment made pursuant to sub-clauses 7(a) and 7(b) will not exceed 56 weeks' pay.

(c) accrued annual leave entitlements in accordance with the applicable NSW legislation and/or award; and

(d) accrued long service leave entitlements in accordance with the applicable NSW legislation and/or award, provided that employees with not less than 5 years' service will be entitled to pro rata long service leave.

All payments made pursuant to this clause will be taxed in accordance with the applicable law. The unions may not make any claim on the company that is based on any change to the taxation treatment of termination payments.

#### **8. ASSISTANCE TO SECURE ALTERNATIVE EMPLOYMENT**

The company will provide outplacement support to employees who are to be made redundant. The level of outplacement support will vary depending on the number and requirements of the employees concerned. As a minimum, the company will, through its preferred outplacement services provider/s, ensure that those employees who need it receive preliminary counseling, assistance in establishing a job-search plan, and advice in the preparation of job applications.

The company and the union/s will discuss the appropriate level of outplacement support prior to any program being initiated.

#### **9. TREATMENT OF CASUAL EMPLOYEES**

For the purpose of this clause, a "casual employee" is an employee who receives a casual loading.

Where a part time or full time employee has continuous service with the company as a casual employee prior to commencing their part time or full time employment; such service will be treated as part time or full time service for the purpose of sub-clause 7(b) of this agreement.

A part time or full time employee who has continuous service with the company as a casual employee prior to commencing their part time or full time employment will not have that service taken into account for the purpose of calculating entitlements pursuant to sub-clause 7(c) of this agreement.

#### **10. RESOLUTION OF DISPUTES**

Where the union/s have a grievance or claim in relation to the application or interpretation of this agreement, it shall be raised in the first instance with the company's NSW Human Resources Manager or her nominee. If the grievance or claim cannot be resolved by discussion, the matter will be referred to the applicable industrial tribunal for resolution.

Whilst the grievance or claim is being resolved, the unions will not take any form of industrial action.
