CLAUSE 7. PARENTAL LEAVE

(A) Parental Leave consists of;

- i) Maternity leave taken by an employee in connection with her pregnancy or birth of her Child; or
- ii) Paternity leave taken by an employee in connection with his spouse's pregnancy or the birth of his child; or
- iii) Adoption leave taken by an employee in connection with adoption of a child.

(B) Eligibility for Parental Leave

- (i) Full Time Employees - To be eligible for paid parental leave, a full time employee must have completed at least 40 weeks continuous service prior to the expected date of birth or prior to the date of taking custody of the adopted child.
- (ii) Part-Time Employees - To be eligible for paid parental leave a part-time employee must have completed at least 40 weeks continuous service prior to the expected date of birth or prior to the date of taking custody of the adopted child.
- (iii) Regular Casual Employees - a regular casual employee is entitled to 12 months unpaid parental leave only if the employee has had at least 12 months of continuous service with the Hospital.

(C) Eligibility for a further period of Parental Leave

An employee (including casuals) who has once met the conditions for paid parental leave will not be required to meet again the eligibility requirements of Sub-Clause (B) of this Clause in order to qualify for a further period of paid parental leave, unless;

- (i) there has been a break in service where the employee has been re-employed or re-appointed after a resignation, medical retirement, or after their services have been otherwise dispensed with; or
- (ii) the employee has completed a period of leave without pay of more than 40 weeks. In this context, leave without pay does not include sick leave without pay, parental leave without pay,

or leave without pay associated with an illness or injury compensable under the Workers' Compensation Act, 1987.

(D) Portability of service for parental leave

Portability of service for parental leave involves the recognition of service with the Hospital for the purpose of determining an employee's eligibility to receive paid parental leave. For example, where an employee moves between facilities owned by the Hospital, previous continuous service will be counted towards the service prerequisite for parental leave.

(E) Maternity Leave

Eligible employees are entitled to paid parental leave as follows:-

- (i) **Paid Maternity Leave** - an employee is entitled to nine weeks at the ordinary rate of pay from the date maternity leave commences. This leave may commence up to nine weeks prior to the expected date of birth.

It is not compulsory for an employee to take this period off work. However, if an employee decides to work during this period it is subject to the employee being able to perform satisfactorily the full range of normal duties.

Paid maternity leave may be paid:

- on a normal fortnightly basis;
- in advance in a lump sum;
- at the rate of half pay over a period of eighteen weeks on a regular fortnightly basis.

Annual and/or long service leave credits can be combined with periods of maternity leave on half pay to enable an employee to remain on full pay for that period.

- (ii) **Unpaid Maternity Leave** - an employee is entitled to a further period of unpaid maternity not more than 12 months after the actual date of birth.

(iii) Applications for Maternity Leave-

An employee who intends to proceed on maternity leave should formally notify the Hospital of such intention as early as possible, so that arrangements associated with her absence can be made.

Written notice of not less than eight weeks prior to the commencement of the leave should accordingly be given. This notice must include a medical certificate stating the expected date of birth and should also indicate the period of leave desired.

(iv) Miscarriages -

In the event of a miscarriage any absence from work is to be covered by the current sick leave provisions.

(v) Stillbirth -

In the case of a stillbirth, (as classified by the Registry of Births, Deaths and Marriages) an employee may elect to take sick leave, subject to production of a medical certificate, or maternity leave. She may resume duty at any time provided she produces a doctor's certificate as to her fitness.

(vi) Effect of premature birth on payment of Maternity Leave -

An employee who gives birth prematurely, and prior to proceeding on maternity leave will be treated as being on maternity leave from the date leave is commenced to have the child. Should an employee return to duty during the period of paid maternity leave, such paid leave ceases from the date duties are resumed.

(vii) Illness associated with pregnancy -

If, because of an illness associated with her pregnancy an employee is unable to continue to work then she can elect to use any available paid leave (sick, annual and/or long service leave) or to take sick leave without pay.

Where an employee is entitled to paid maternity leave, but because of illness, is on sick, recreation, long service leave, or sick leave without pay prior to the birth, such leave ceases nine weeks prior to the expected date of birth. The employee then commences maternity leave with the normal provisions applying.

(viii) Transfer to a more suitable position -

Where, because of an illness or risk associated with her pregnancy, an employee cannot carry out the duties of her position, the Hospital is obliged, as far as practicable, to provide employment in some other position that she is able to satisfactorily perform. This obligation arises from section 70 of the Industrial Relations Act 1996. A position to which an employee is transferred under these circumstances must be as close as possible in status and salary to her substantive position.

(ix) Further pregnancy while on Maternity Leave -

Where an employee becomes pregnant whilst on maternity leave, a further period of maternity leave may be granted. Should this second period of maternity leave commence during the currency of the existing period of maternity leave, then any residual maternity leave from the existing entitlement lapses.

(F) Paternity Leave -

Eligible employees are entitled to paid paternity leave as follows:

- (i) Paid Paternity Leave -** an employee is entitled to an unbroken period of up to one week of paid paternity leave at the time of the birth of the child.

Annual and/or long service leave credits can be combined with periods of paternity leave on half pay to enable an employee to remain on full pay for that period.

- (ii) Unpaid Paternity Leave -** an employee is entitled to a further period of unpaid paternity leave of not more than 12 months after the actual date of birth to be the primary care-giver of the child.

- (iii) Applications -** an employee who intends to proceed on paternity leave should formally notify the employer of such intention as early as possible, so that arrangements associated with his absence can be made.

Written notice of not less than eight weeks prior to the commencement of the leave should accordingly be given. This notice must include a medical certificate stating the expected date of birth and should also indicate the period of leave desired.

(G) Adoption Leave -

- (i) **Paid Adoption Leave** – an eligible employee is entitled to paid adoption leave of nine weeks at the ordinary rate of pay to be taken within 12 months of the date of taking custody of the child.

Paid adoption leave may be paid:-

- on a normal fortnightly basis.
- in advance in a lump sum.
- at the rate of half pay over a period of eighteen weeks on a regular fortnightly basis.

Annual and/or long service leave credits can be combined with periods of adoption leave at half pay to enable an employee to remain on full pay for that period.

(ii) Unpaid Adoption Leave -

Eligible employees are entitled to unpaid adoption leave as follows:

- where the child is under the age of 12 months - a period of not more than 12 months from the date of taking custody;
- where the child is over the age of 12 months - a period of up to 12 months, such period to be agreed upon by both the employee and the employer.

(iii) Applications -

Due to the fact that an employee may be given little notice of the date of taking custody of a child, employees who believe that, in the reasonably near future, they will take custody of a child, should formally notify the Hospital as early as practicable of the intention to take adoption leave. This will allow arrangements associated with the adoption leave to be made.

(H) General Conditions

(i) Variation after Commencement of Maternity Leave -

After commencing maternity leave, an employee may vary the period of her maternity leave, once without the consent of her employer and other wise with the consent of her employer. A minimum of 4 weeks notice must be given, although the employer may accept less notice if convenient.

The conditions relating to variation of maternity leave are derived from Section 64 of the Industrial Relations Act 1996.

(ii) Staffing Provisions -

Any person who occupies the position of an employee on parental leave must be informed that the employee has the right to return to their former position. Additionally, since an employee has the right to vary the period of their parental leave, offers of temporary employment should be in writing, stating clearly the temporary nature of the contract of employment. The duration of employment should be also set down clearly; to a fixed date or until the employee elects to return to duty, whichever occurs first.

Registrar

(iii) Effect of Parental Leave on Accrual of Leave, Increments etc. -

When the employee has resumed duties, any period of full pay leave is counted in full for the accrual of recreation leave and any period of parental leave on half pay is taken into account to the extent of one half thereof when determining the accrual of recreation leave.

Except in the case of employees who have completed ten years' service the period of parental leave without pay does not count as service for long service leave purposes. Where the employee has completed ten years' service the period of parental leave without pay will count as service provided such leave does not exceed six months.

Parental leave without pay does not count as service for incremental purposes. Periods of parental leave at full pay and at half pay are to be regarded as service for incremental progression on a pro-rata basis.

Where public holidays occur during the period of paid parental leave, payment is at the rate of parental leave received i.e., public holidays occurring in a period of full pay maternity leave are paid at full rate and those occurring during a period of half pay leave are paid at half rate.

(iv) Right to Return to Previous Position -

An employee returning from parental leave has the right to resume their former position.

Where this position no longer exists the employee is entitled to be placed in a position nearest in status and salary to that of their former position and for which the employee is capable or qualified.

(v) Return for Less than Full Time Hours -

Employees may make application to the employer to return to duty for less than the full time hours they previously worked by taking weekly leave without pay. Such return to work is to be according to the following principles:

The period is to be limited to 12 months after which full time duties must be resumed unless otherwise negotiated between the Hospital and the employee.

The employee is to make an application for leave without pay to reduce their full time weekly hours of work. This application should be made as early as possible to enable the Hospital to make suitable staffing arrangements. At least four weeks notice must be given.

The quantum of leave without pay to be granted to individual employees is to be by mutual agreement with the Hospital.

Salary and other conditions of employment are to be adjusted on a basis proportionate to the employee's full time hours of work; i.e, for long service leave the period of service is to be converted to the full-time equivalent, and credited accordingly.

It should be noted that employees who return from maternity leave under this arrangement remain full-time employees. Therefore the payment of any part-time allowance to such employees does not arise.

(vi) Liability for Superannuation Contributions -

During a period of unpaid parental leave, the employee will not be required to meet the Hospital's superannuation liability.

(I) Lactation Provisions

Employees who are lactating will be entitled to one paid break of 30 minutes per shift for the purpose of expressing their milk or breast feeding their child. The Hospital will provide access to suitable facilities for such purpose, in accordance with the Hospital's policy.
